

IN THE CLAIMS

Kindly cancel Claims 1 and 33.

REMARKS

Pursuant to Applicant's restriction election to prosecute the invention according to Group 1, the above-mentioned patent application presents Claims 1-28, and 33, drawn to a method wherein a detailed design of an engineered component of one process plant product line is reused for another process plant in another (or different) product line.

The Examiner has indicated that Claims 2-28 are allowed and that Claims 1 and 33 are rejected. Claims 1 and 33 have been accordingly cancelled.

Believing the application is in condition for allowance, Applicants solicit an action to that effect.

Respectfully submitted,
